

# How to Measure Custom Pressure Washer Covers - Design 6

## Measurement Instruction

- ✓ Give exact measurement from edge to edge.
- ✓ We add 1" to 2" leeway on the given width/depth for easy pull-in and pull-out.
- ✓ The height dimensions will remain same as provided by you.
- ✓ All measurements will be done in inches.

### Measurement (Inches)

- |                                      |                      |                 |                      |
|--------------------------------------|----------------------|-----------------|----------------------|
| 1. Back Height                       | <input type="text"/> | 2. Depth        | <input type="text"/> |
| 3. Width                             | <input type="text"/> | 4. Front Height | <input type="text"/> |
| 5. Slant Distance from Back to front | <input type="text"/> |                 |                      |
